

GROUP 3

PROJECT 2

HAPPINESS Index

hap·pi·ness
/həˈpēnəs/

the state of being happy.
"she struggled to find happiness in her life"

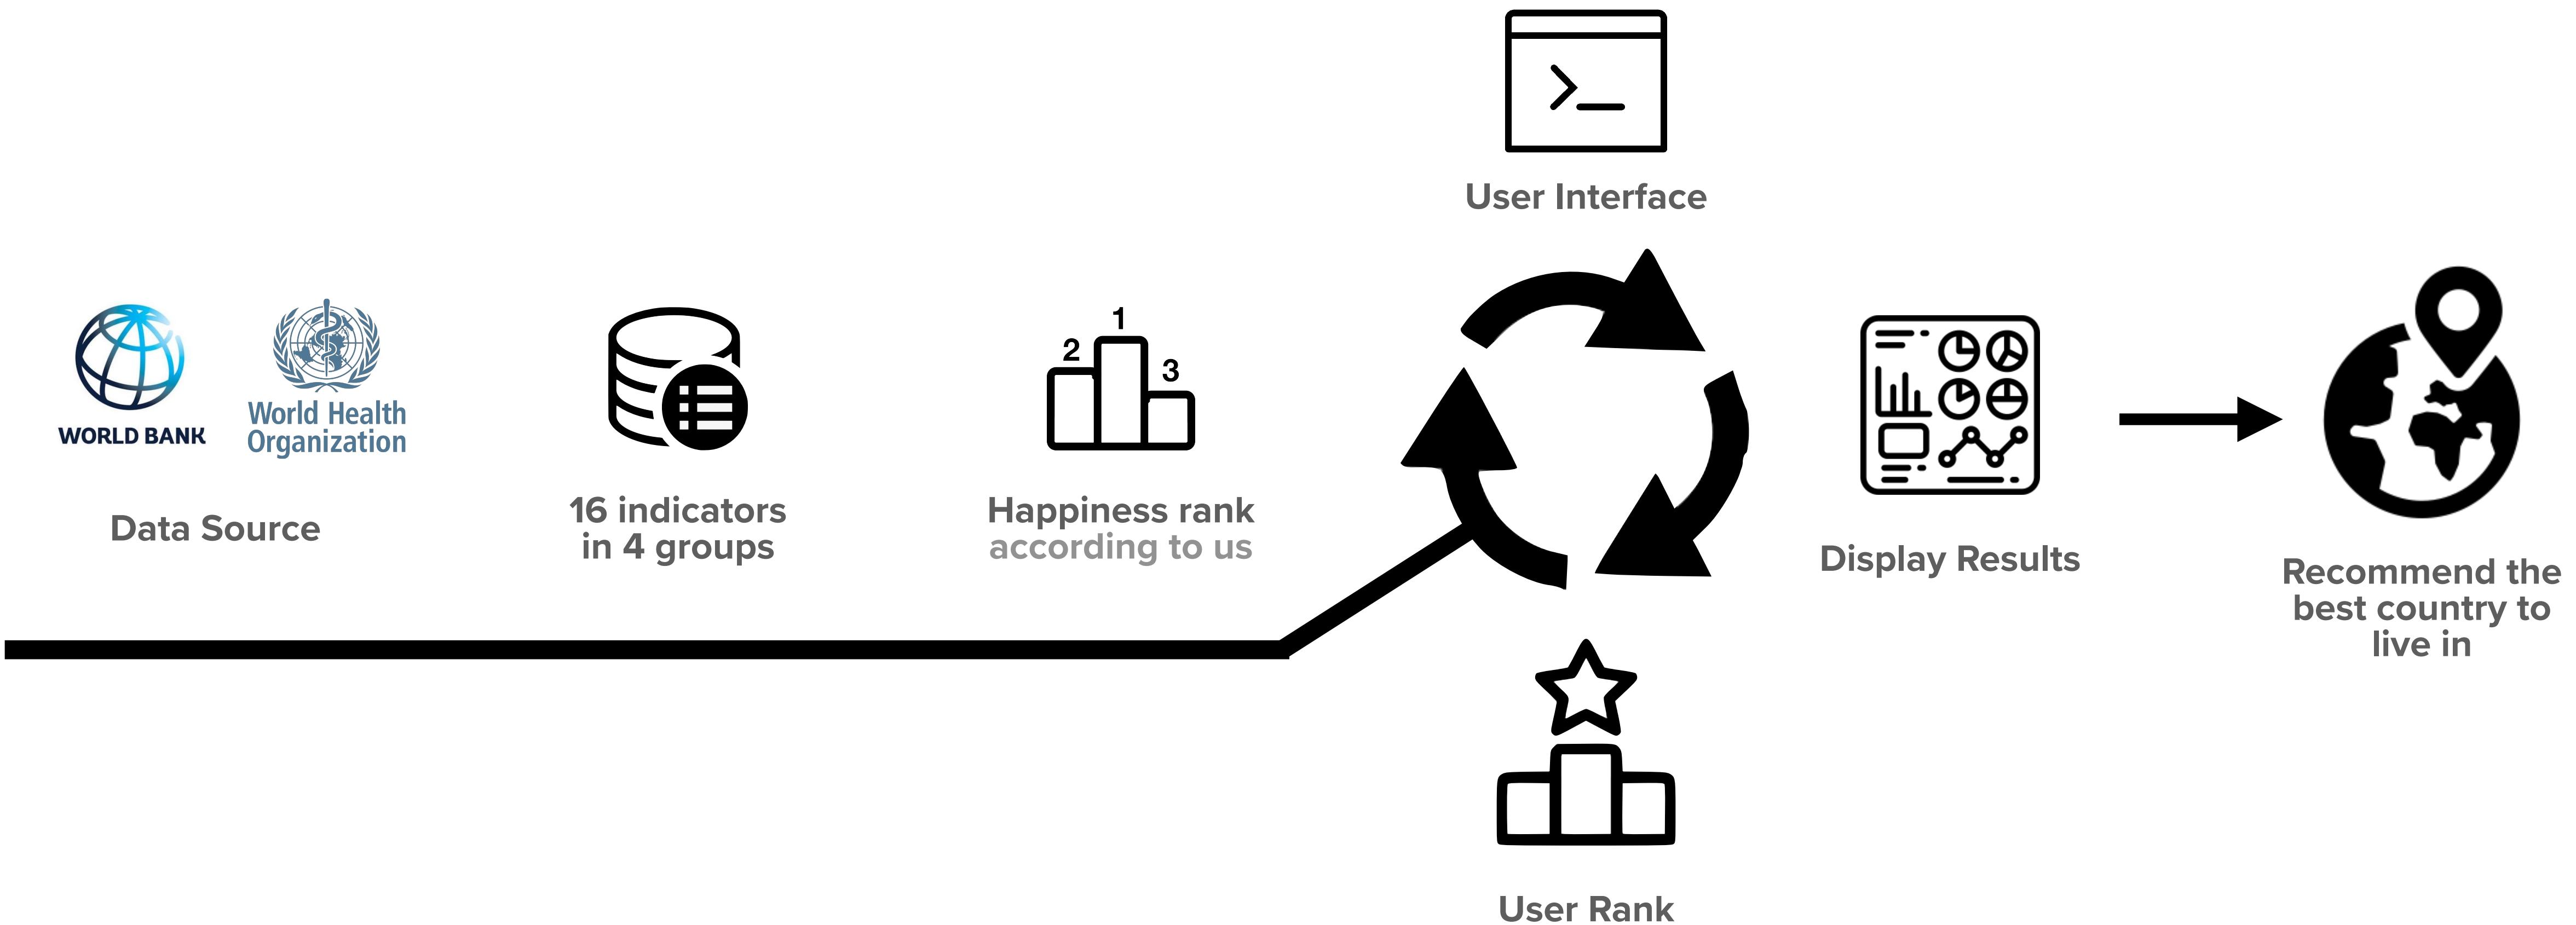

THE PROJECT

HAPPINESS INDEX

- We offer to the users an opportunity to create their own happiness index - based on 16 indicators. To make the experience as seamless as possible the 16 indicators were grouped into 4 different Well-Being areas.
- Once we know the users preference, we suggest a set of 5 countries that best matches their happiness index.
